TAKING OF SEBAN BY U. S. ARMY
"GOOD NEWS," SAYS MR. BAKER

Recent Advance of Americans,
Says the Secretary of War,
"Fine Military Achieve-
ment."

Transmitted to the Secretary of
the Committee 7, 1902.

very good news; it is a great military achievement. At our last report the Americans were a distance, I believe, of 5 or 6 miles from Sedan, in the most direct line along the western front, and were now in the hands of the Germans.

the last day of September to the last of November, slow, difficult, in the face of tremendous opposition and against the almost a total lack of supplies, and its subsequent very much more rapid advance, including the capture of Berlin, if that plain history is to be taken as a true military achievement, it is almost as great as has taken place in the war at all times."

ACKNOWLEDGES HELP GIVEN
BY NATION'S BENCH AND BAR

The War Department authorized the following statement by the Judge Advocate General:

Some time ago the office of the Advocate General found it necessary to adopt a new method of selecting, for the country at large, the limited number of lawyers needed and especially qualified to become officers in the Judge Advocate General's Department of the Army for service during this war. As the basic principles of the method required, this office sought the views of and conferred with the Judges, both State and Federal, and most distinguished disinterested members of the bar throughout the country, in order to determine those lawyers best qualified for service in this branch of the Army.

The investigations and conferences are about completed. The new method is established. The results seen in this office have shown its wisdom. Its success is demonstrated. All this is due entirely to the cooperation, interest, and help of the bench and bar. Both have rendered a distinct service to this department and this office takes pleasure in expressing to them its sincere gratitude.

AMERICA PROTESTS AGAINST GERMANY'S VANDALISM IN ORDERING DESTRUCTION OF COAL MINES IN BELGIUM

ACTS ARE DENOUNCED

**Violation of Solemn Promise
To Spare Private Property,
Secretary Lansing Says in
Note Sent Through Swiss
Minister—Can Not Fail to
Impress U. S. as "Wilfully
Cruel and Inhuman."**

The Secretary of State makes public the following:

DEPARTMENT OF STATE

Washington, D. C., November 7, 1918.

Sir: I have the honor to request that you will bring the following to the attention of the German Government:

"In its note of October 20th the German Government announced that 'the German troops are under the strictest instructions to spare private property and to exercise care for the population to the best of their ability.'

"Information has now reached the Government of the United States to the effect that the German authorities in Belgium have given notice to the coal mining companies that all men and animals should be brought out of the pits, that all raw material in possession of the companies should be delivered to the Germans, and that the mines will be destroyed at once.

women and maidens, injury to the production of a new and virile population of the American suffering and on the which will follow, in the eyes of the Government, the American States will be allowed. If these acts, in the declaration of the Government, it will be the solemn assurance of the Government are not given to the world. In the circumstances of the United States, the declaration of October 2, 1917, enters in emphatic protest of the measures contemplated by the German authorities for the Government of Germany, "the responsible."

Accept, Sir, the renewed assurances of
my highest consideration.

Mr. ROBERT LANSING,
Minister of Switzerland, in charge
of German interests in the United
States.

COTTON COMMITTEE TO REPORT AGAINST FIXING BASIC PRICE

Chairman Page Issues Statement
Declaring That a Necessity
for It Does Not Exist.

Dr. Thomas W. Page, chairman of the Cotton Committee appointed by the President, has issued a statement containing several of the points included in the report being prepared for the President. On the subject of price-fixing the statement reads:

"The Cotton Committee was directed to recommend basic prices on cotton if upon investigation a fixed price should be found necessary. The committee has ascertained that such a necessity does not exist, and its report which is now nearing completion will be submitted to the President within a few days.

"Shortage Does Not Exist."

"It has been the policy of the Government to fix the price of any commodity only where there was an actual prospective shortage, and in the case of cotton such a shortage does not exist.

"The committee further reports that there is no way of enforcing a fixed price except through the readiness of the Government to purchase the crop. Under a fixed-price system the actual exchanges would be closed and the cotton, being sold at a fixed price, would be sold at a loss to the farmer.

St. Inspection System

"As there is no shortage for cotton, as for wheat, a fixed system of inspection and certification such a system would have to be enforced. This could be done only at great cost and in the course of many months. The committee is convinced that before the necessary organization could be effected and adequate financial arrangements completed, the necessity for them would have ceased, and that in the meantime irreparable damage would have been done through the disruption of present marketing agencies and the checking of the movement of the cotton from the field to the mill.

"The committee will also recommend the continuance of the committee on cotton distribution, with the view to bringing into proportionate use all grades of cotton.

THOMAS WALKER PAGE,
Chairman.

Development of Roads In Hampton, Va., District

The War Department authorizes the following:

For the development of roads at the Hampton Roads (Va.) district, the sum of \$1,110,000 has been authorized. The work is to be done by the construction division of the Army, and will consist of improvements on roads from the Road Naval Base No. 2 to Camp Morrison; from the navy yard to Portsmouth; Norfolk to naval base at Lewells Point, to Ocean View; and improvements on roads from Fort Monroe to Langley Field, to Hampton and to Newport News.

MR. HURLEY URGES PEACE-TIME NEED FOR IMPROVEMENT IN ALL FORMS OF HIGHWAY TRANSPORT

The highways transport committee of the Council of National Defense, which was formed to do a vital war-time task, has been called upon by Chairman Edward M. Hurley, of the United States Shipping Board, to perform a peace-time function no less important than that which fell to it during the war.

Chairman Hurley points to the greater need to-day than ever before for the stimulation of all forms of highways transport in carrying down to the merchant marine of to-day and to-morrow the foodstuffs necessary to feed the hungry millions of stricken Europe. His letter follows:

Mr. Hurley's Letter.

UNITED STATES SHIPPING BOARD,
Washington, November 7, 1918.
HIGHWAYS TRANSPORT COMMITTEE,
Council of National Defense,
Washington, D. C.

GENTLEMEN: Our merchant marine of to-day and to-morrow will carry a message of good will to the nations of the world.

Millions of cruelly starved folk face starvation from every day of the month. These are the people of Europe. They need to eat and to be clothed, and also to be comforted with the other necessities of life. Our grand privilege is now here to restore life, strength, and hope to these martyred brothers of a hundred tongues.

Highways transport facilities at the farmer's gate, and at every farmer's gate, must immediately suggest the initial phase of overseas distribution; must make a picture in the farmer's mind of the movement of the products of his soil and labor from his own gate through to the distant points of the world—to Europe, to Algiers, to Athens, and the Orient.

The highways transport service is the first step in the great system of transportation to the sea and then on the merchant marine to the far points of the world.

Food must begin to move soon from every hill, through every valley of the great country behind our shores, down to the shipping points before we can start our ships from the ports and fulfill our duty; and, with the promise of the war's end before us, the Highways Transport Committee throughout this land could and should render a peace-time service by stimulating highways transport of nourishment and supplies so badly needed. Routes and channels from shipping points must be opened up and efficiently maintained, and our merchant marine must be built up to meet the demand for distribution overseas.

Resistance in any form to the free movement of farm products must be reduced and eliminated, and the most efficient utilization of man power must be introduced wherever possible.

The United States Shipping Board urges that this message be carried through you and your regional chairmen to the State organizations and on down through your great body of patriotic

WAR DEPARTMENT CONTRACTS FOR 851,000 LEATHER JERKINS

The War Department authorizes the following from the office of the director of purchase and storage:

Contracts for the manufacture of 851,000 leather jerkins to cost \$3,703,400, have been awarded to 23 manufacturers in various parts of the country by the leather clothing section of the clothing and equipage division. These jerkins will be supplied to the Government during December, January, and February, and will complete the requirements up to March 1, 1919. The list of contractors, with the amounts allotted to each, is as follows:

Manufacturer.	Quantity.
Leves Mfg. Co., Framingham, Mass.	20,000
Leves Overall Co., Boston, Mass.	100,000
J. R. Pearson Co., Boston, Mass.	50,000
Leves Mfg. Co., Boston, Mass.	20,000
A. J. Bates Co., Webster, Mass.	50,000
Leves Overall Co., Boston, Mass.	10,000
M. J. Collins Co., Boston, Mass.	40,000
Fuller & Sullivan, Boston, Mass.	50,000
H. Harris Co., St. Paul, Minn.	6,000
Analyt. Leather Products Co., West End, Wis.	5,000
Monarch Mfg. Co., Milwaukee, Wis.	90,000
J. H. Rice & Friedman Co., Milwaukee, Wis.	18,000
Cohen Bros. Co., Milwaukee, Wis.	18,000
Edward Goldman Co., Boston, Mass.	75,000
B. Greenwald Co., Boston, Mass.	20,000
Int. Duplex Coat Co., New York City	80,000
F. B. & C. Clothing Co., New York City	80,000
Leather Apparel Mfg. Co., New York	65,000
Alfred Anderson & Son, St. Paul, Minn.	22,000
W. H. Partridge Co., Minneapolis, Minn.	6,000
Milwaukee Tanning & Clothing Co.	15,000
T. W. Stevenson Co., Minneapolis	6,000
McKibben, Driscoll & Dorsay Co., St. Paul, Minn.	5,000

NEW SERIES OF WAR SAVINGS CERTIFICATES AND STAMPS

Secretary McAdoo has made the following statement:

The Secretary of the Treasury has determined upon the issuance of a new series of war-savings certificates and stamps to be placed on sale early in 1919, and to be known as the series of 1919. The new series will have a maturity date of January 1, 1924, and in practically all respects will be issued on the same terms and in the same manner as the present series of 1918.

A new \$5 war-saving stamp, blue in color, bearing the head of Benjamin Franklin, the apostle of saving, and a former postmaster general, is in preparation. The new stamps will be placed on sale early in 1919.

The same thrift stamps and thrift cards now in use will be continued in 1919, and will be exchangeable into new series of 1919 war-savings stamps payable January 1, 1924, in the same way as the exchange has been made during this year into the series of 1918 war-savings stamps.

men whose vision can well embrace the crying need of their brothers in other lands for help.

Very truly yours,

EDWARD N. HURLEY,
Chairman.

WOODRUFF
THE WHITE HOUSE,
October 25, 1913.

METAL COMPANY REORGANIZED BY WAR TRADE BOARD'S ORDER

The War Trade Board announces that the Machinery & Metal Sales Co. and its subsidiaries have been reorganized as a result of an investigation made by the War Trade Board into the methods by which the company secured licenses for the export of caustic soda. The investigation disclosed the fact that licenses were secured from the War Trade Board by misrepresentations made by George E. Baird, president of the company.

In the reorganization the president of the company, George T. Baird, has severed his connection with the company, and Judson J. Whitehead has been elected president in his place. Mr. Whitehead will hereafter assume personal charge of all dealings with the War Trade Board in order to insure compliance with their rules and regulations as well as with all provisions of law.

By way of making restitution for the profits improperly made through export of caustic soda, the company has paid a substantial sum to the United States through its attorney at Washington.

The reorganization has been effectuated by elimination of all persons connected with the illegal transactions, and it is expected that through the reorganization the standing of the company, both with the Federal authorities and with the

*Purchasing Agents for
Department of Justice*

For the information of dealers in supplies needed by the Department of Justice it may be stated that the Department obtains the materials required in the manner indicated below:

Supplies for the department in Washington are purchased by authority of the Chief Clerk under schedules of the General Supply Committee of the Treasury Department.

Supplies for the United States judges attorneys, marshals, and clerks are purchased under authorization from the department, a large quantity being sent direct to them from the Division of Supplies in the office of the Chief Clerk.

Supplies for special agents throughout the country are authorized by the chief of the Division of Investigation.

The superintendent of prisons, who is located in the department at Washington and the warden of the United States penitentiary at Leavenworth, Kans., Atlanta, Ga., and McNeil Island, Wash., as well as the superintendent of the National Training School for Boys, Washington, D. C., and the superintendent of the National Training School for Girls, Washington, D. C., are also purchasing agents.

have appeared on our front between
the Meuse and the Argonne.

Our pursuit planes dropped a ton of explosives on several important road centers which were being used by the enemy to make his escape. Seven enemy airplanes were shot down during the day. Two of our machines are missing.

CONFERENCE ON PLANS REGARDING WINTER MAIL TRANSPORTATION

The superintendents of the 15 divisions of the Railway Mail Service covering the entire United States have concluded a conference at Washington relative to the transportation of the mails during the coming winter.

One question requiring immediate attention was that of making arrangements for the transportation of the immense volume of Christmas mail for the soldiers and sailors overseas to New York, where it passes from control of the Post Office Department to the Army and Navy authorities. It is estimated that there will be 200 carloads or 100,000 sacks of this mail arriving at New York during a 10-day period beginning about November 10.

Expected to Break All Records.

Arrangements for transporting the Christmas mail and the regular summer mail have also been made. It is estimated that the Christmas mail throughout the United States will break all records, and that the volume of all classes of mail handled this winter will be greater than ever before. In previous years it has been possible for the Railway Mail Service to reduce its force during the summer months, owing to decreased mail matter, but during the past summer it has been necessary to strengthen the working force over the entire country, due to the increased volume of mail matter. The winter months are always the heaviest, but during the past summer the volume of mail handled was greater than last winter, not alone in the Eastern States, where most of the war work is done, but over the entire country.

Forty Per Cent Increase

One superintendent of a division in the Atlantic Coast States reports an increase of approximately 40 per cent of mail handled this past summer over that of last summer.

A comparison between the volume of mail handled at New York in the Pennsylvania Terminal railway post office during the four weeks in February, May, and August, 1917, and during a corresponding period this year shows an increase in the number of mixed parcel post packages handled of 100 per cent in February, 27 per cent in May, and 233 per cent in August.

ARMY NEEDS HARD BREAD

Calls from Overseas Due to Mobile and
Trench Warfare.

The War Department authorizes the following:

Under pressure of the mobile and trench warfare the overseas calls for hard bread have been largely increased. The subsistence division of the Quartermaster Corps has requested all depot quartermasters to conduct the country to stimulate to their territories the production of hard bread and the tin containers used in their packing.

At the present time 220,000 cartons of hard bread packed in wax paper and 700,000 packed in tins are being produced daily. It is expected that early September the capacity will have reached 800,000 wax paper cartons and 1,000,000 tins of hard bread daily.

Office: Commercial Trust Building,
Fourteenth and H Streets NW.
Washington, D. C. Tel. Main 1291.

Congress will be before the President's Commission on the subject of the Federal Bureau of Investigation, for the purpose of determining whether or not the officers of the United States Government are to be diplomatic representatives of all foreign Governments.

— FRANK S. BROWDER, Editor.

EXECUTIVE ORDER.

I hereby create a Committee on Public Information, to be composed of the Secretary of State, the Secretary of War, the Secretary of the Navy, and a civilian who shall be charged with the executive direction of the committee.

As civilian chairman of the committee I appoint Mr. George Creel.

The Secretary of State, the Secretary of War, and the Secretary of the Navy are authorized each to detail an officer or officers to the work of the committee.

WIDOW WILSON

APR 24 1957

American Communique

American Oriental Collection No. 116

Handwritten: 1. 1841
2. 1842
3. 1843

The First American Army has made further important gains on both sides of the Meuse.

Part of the Meuse our troops advanced to a depth of more than 4 kilometers. Neither the extremely difficult nature of the terrain nor the two fresh divisions hurriedly brought up by the enemy greatly delayed our progress. On the Cote St. Germain, however, the enemy dominated his positions with particular mastery, and we were able to secure them only as a result of a bitter struggle.

Near Marvaux Hill 284 machine guns fell into our hands. The fighting still continues, with the enemy making desperate efforts to regain his last foothold on the Cote St. Germain, which he has

WATER SUPPLY DEVELOPMENT PLAN AT HAMPTON ROADS, VA.

The War Department authorizes the following development:

The cost is \$1,800,000 will be spent in the development of the water supply at Hampton Roads, Va. Authorization has been given to the construction division to handle the work.

The main project for the development has been subdivided into four parts, each having a separate appropriation. The principal project is known as the "Portsmouth water development," which contemplates raising the dam at Lake Calhoun, additional pumping equipment at Lake Calhoun pumping station, installation of additional pipe between Lake Calhoun and Lake Kilby pumping station, enlargement of filtration plant at Lake Kilby, additional pumping equipment at Lake Kilby pumping station, additional supply main from Lake Kilby pumping station to Portsmouth pumping station, additional reservoir at Portsmouth pumping station, additional pumping equipment at Portsmouth pumping station, a 24-inch main from Portsmouth pumping station to the vicinity of the navy yard and a 20-inch main across the rivers and Berkley to connect with the Norfolk distribution system. The estimated cost for carrying out this project is \$1,800,000.

Harwood's Mill Development.

Another of the developments is known as the Harwood's mill development at Oriskany, Va., to supply an increased volume of water to the various Government activities in the vicinity of Newport News, Va. This project will cost \$1,100,000.

The water supply for Langley Field and Fort Monroe is to be increased. This is known as the Big Bethel water development and will cost approximately \$600,000.

The fourth project consists of additions to pumping station No. 2 at Newport News, Va. The estimated cost of this work is \$150,000.

Expense is Divided.

The expense on these projects is divided between the War Department and the Navy Department. The Navy will pay the entire cost of the Portsmouth water development. Its share of the Big Bethel project is \$300,000, for the Harwood's mill project its share is \$710,000, and for the additions to the pumping station at Newport News, Va., it will contribute \$60,000.

AWARDS BY WAR LABOR BOARD TOTAL 353 SINCE LAST APRIL

The National War Labor Board authorizes the following:

Since its inception last April the National War Labor Board has made awards and otherwise disposed of 353 industrial disputes between employers and employees in war industries and industries directly essential to war production. On November 1 there were 315 cases awaiting settlement.

In 69 cases members of the board and examiners conducted hearings for the col-

MAXIMUM PRICES FOR FRIGORIFICO HIDES OF NOVEMBER AND DECEMBER TAKE-OFF FIXED BY THE WAR INDUSTRIES BOARD

The War Industries Board authorizes the following:

The price-fixing committee of the War Industries Board has established maximum prices for frigorifico hides of November and December take-off at \$61 for steers and \$44 for cows.

Several other grades of best Argentine, Uruguay, and southern Brazil wet-salt hides have been established at corresponding maximums for November and December shipment.

Other foreign hides and skins, for November and December shipment, remain unchanged as compared with the maximums for August, September, and October shipment, except Argentine and Chilean wet-salt horsehides which have been slightly altered.

Maximum prices on foreign hides and skins shall remain unchanged for November and December shipment (subject to any action which may be taken by the interallied executive committee), with the exception of the following grades (which list of grades may be amended), on which the maximum prices shall be as follows (the prices on frigorifico steers and cows apply to November and December take-off):

Buenos Aires frigorifico steers, \$61 Argentine gold per 100 kilos f. o. b. ship.

Buenos Aires frigorifico cows, \$44 Argentine gold per 100 kilos f. o. b. ship.

Montevideo frigorifico steers, \$61 Argentine gold per 100 kilos f. o. b. ship.

Montevideo frigorifico cows, \$44 Argentine gold per 100 kilos f. o. b. ship.

River Plata frigorifico type steers, \$58 Argentine gold f. o. b. ship, 10 per cent shrinkage guarantee.

River Plata frigorifico type cows, \$43 Argentine gold f. o. b. ship, 10 per cent shrinkage guarantee.

River Plata frigorifico type kip, \$47 Argentine gold f. o. b. ship, 10 per cent shrinkage guarantee.

River Plata frigorifico type calf, \$38.50 Argentine gold f. o. b. ship, 10 per cent shrinkage guarantee.

Argentine city special matadero steers, 28½ cents c. and f. New York or Boston.

Argentine city special matadero cows, 20½ cents c. and f. New York or Boston.

lection of evidence upon which awards of the board were made. This number includes awards made by the board and its members as arbitrators, and findings made in cases where both parties to the controversy did not submit the issues for arbitration. In cases of the latter class the board made recommendations for settlement.

Fifty cases have been dropped or suspended, mainly for failure of the complainants to prosecute. In 17 cases the board did not take jurisdiction. Thirty-three cases were settled without the intervention of the board, after one of the parties to the dispute had sought action by the War Labor Board. Four cases were withdrawn, and 177 were referred for settlement to other departments of the Government, under rules of the board. In all 673 cases were filed with the board between April and November 1,

Buenos Aires and Montevideo frigorifico kip, 15½ pounds, \$49.

Buenos Aires and Montevideo frigorifico kip, not over 32 pounds average, \$47.

Buenos Aires and Montevideo frigorifico hells, \$32.

Morris & Co. San Salvador hides and Swift & Co. Asuncion hides, price shall be relative to regular frigorificos.

Montevideo city matadero steers, 28½ cents c. and f. New York or Boston.

Montevideo city matadero cows, 22 cents c. and f. New York or Boston.

Buenos Aires matadero kip and extra-ones, 22 cents c. and f. New York or Boston.

Montevideo city matadero kip and extra-ones, 23 cents c. and f. New York or Boston.

Argentine and Uruguay saladero steers, \$57.50 Argentine gold per 100 kilos f. o. b. ship.

Argentine and Uruguay saladero cows, \$40 Argentine gold per 100 kilos f. o. b. ship.

Rio Grande saladero steers, \$56.50 Argentine gold per 100 kilos f. o. b. ship.

Rio Grande saladero cows, \$40 Argentine gold per 100 kilos f. o. b. ship.

San Paulo frigorifico hides, 26½ cents, delivered and delivered at New York.

A go-between may not charge a brokerage to both buyer and seller. No one owning a lot of hides or skins may charge his customer a brokerage when selling same. Brokerage on foreign cattle hides and skins shall not exceed 2 per cent. The brokerage on foreign goatskins, sheepskins, and other skins (excepting cattle hides and skins) shall not exceed 3 per cent.

Shipments of dry kips under 12 pounds and dry salted kips under 15 pounds, when mixed with common dry hides (such as Bogota, Orinoeos, Porto Cabelas, La Guadalupe, Central American, etc.), shall be sold at two-thirds the price of the hides, or rejected, at buyer's option. Shipments of dry kips under 14 pounds, mixed with hides from Mexico, West Indies, and Peru, shall be sold at two-thirds price, or rejected, at buyer's option.

HORSEHIDES.

1. Chile and Buenos Aires city G. S. hides, not under 25 kilos average, \$7.50 c. and f. shipping weight, free of poles, colls, and glues. Headless and seconds at 50 cents less.

2. Chile and Buenos Aires Province of Chiriqui horsehides, about 18 to 20 kilos average, \$5.75 c. and f. shipping weight, free from poles, colls, and glues. Headless and seconds at 50 cents less.

3. All China dry horsehides, \$3.50 for No. 1, about 10 to 17 pounds average; \$2.75 for No. 1, about 12 to 13 pounds average; \$2.50 for No. 1, about 10 pounds average. No. 2 at 50 cents less. No. 3 at half price.

Special Orders, No. 253:

13. The appointment of Capt. Fred W. Lennox, Sanitary Corps, to the grade of major in the Sanitary Corps, United States Army, during the existing emergency, with rank from October 26, 1918, is announced.

EXTENSION OF FOOD LICENSE SYSTEM

(Continued from page 1.)

specified in the amount of importation, manufacture, storage, mining, or distribution of any commodities as set forth in such proclamation, unless he shall secure and hold a license issued pursuant to this section. The President is authorized to issue such licenses and to prescribe regulations for the issuance of licenses and requirements for systems of accounts and auditing of accounts to be kept by licensees, submission of reports by them, with or without oath or affirmation, and the entry and inspection by the President's authorized agents of the places of business of licensees."

And whereas it is essential in order to carry into effect the provisions of the said act that the powers conferred upon the President by said act be at this time exercised to the extent hereinafter set forth.

Now, therefore, I, Woodrow Wilson, President of the United States of America, by virtue of the powers conferred upon me by said act of Congress, hereby do hereby declare and by this proclamation do hereby declare that it is essential in order to carry into effect the purposes of said act to license the manufacture, storage, and distribution of certain commodities to the extent hereinafter specified:

All persons, firms, corporations, and associations not already so licensed engaged in the business of milling corn, wheat, or rice.

All persons, firms, corporations, and associations not already so licensed engaged in the business of importing, manufacturing, or distributing certain commodities to the extent hereinafter specified:

All persons, firms, corporations, and associations not already so licensed engaged in the business of manufacturing, storing, or distributing certain commodities to the extent hereinafter specified:

All persons, firms, corporations, and associations engaged in the business of importing, manufacturing, or distributing certain commodities to the extent hereinafter specified:

All persons, firms, corporations, and associations not already so licensed engaged in the business of operating warehouses in which any food or feed commodities are stored for hire;

All persons, firms, corporations, and associations not already so licensed engaged in the business of importing, manufacturing, or distributing:

Chinese vegetable tallow, coconut stearine, coconut oil, cod liver oil, cohune oil, fish and marine animal oils, lard oil, lard, mustard seed oil, mustard, neat's-foot oil, neutral tallow, oleo stock, olive oil, rapeseed oil, shea nut oil, sunflower seed oil, tallow, and all other animal or vegetable fats and oils, including hydrocarbons, which are or may be or which may be specifically excluded by act of Congress, are hereby licensed, on or before November 15, 1918, a license, which license will be issued under such rules and regulations as may be prescribed by the business as may be prescribed.

All persons hereby made subject to license must apply, specifying the kind of license desired, to the United States Food

Administration License Division, Washington, D. C., on a form prepared by it for that purpose, which may be secured on request.

Any person, firm, corporation, or association other than those heretofore excepted who shall engage in or carry on any business licensed or specified after November 15, 1918, without first securing such license, will be liable to the penalty prescribed by said act of Congress.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia, this 2d day of November, in the year of our Lord one thousand nine hundred and eighteen, and of the Independence of the United States of America, the one hundred and forty-third.

(Seal.) WOODROW WILSON.

By the President. ROBERT LANSING, Secretary of State.

Food Administration Statement.

Through the above proclamation the licensing authority of the United States Food Administration has been extended to cover the manufacture, storage, and distribution of various foods which heretofore have not in part or in whole been in the licensed class.

All concerns engaged in the business of operating warehouses or other places in which any food or feed commodities are stored for hire will now be placed under license. Up to this time only cold-storage concerns have come under the licensing scope of the food-control act through a previous presidential proclamation. In this connection the Food Administration and the War Industries Board made this statement:

Joint Statement Issued.

"Conferences have been held with the trade engaged in this business, and steps have been taken toward the determination of fair storage rates. Storage enters materially into the cost which the public ultimately pays for the commodities, and this action is taken to check the excessive rates which have been charged by some individuals through the shortage of storage space. As one step in the institution of this control the President has just issued a proclamation (November 2) under the food-control act requiring all persons engaged in the storing of food and feed commodities for hire to take out a license by November 15."

Control Over Edible Oils.

Another provision of the proclamation is designed to give more control over the glycerin extraction of animal and vegetable fats and oils. For this purpose all concerns engaged in the business of importing, manufacturing, or distributing the following, if not already so licensed, are required to secure a license on or before November 15: Chinese vegetable tallow, coconut stearine, coconut olein, cod oil, cod-liver oil, cohune oil, fish and marine animal oils, lard oil, fish and marine animal oils, lard oil, lard stearine, lard oil, mustard-seed oil, lard stearine, lard oil, neat's-foot oil, neutral lard, oleo stearine, oleo stock, olive oil, rapeseed oil, sesame oil, shea nut oil, sunflower-seed oil, tallow, and all other animal or vegetable fats and oils, including hydro-

U. S. MAILS LOST ON VESSELS EN ROUTE FOR SOUTH AFRICA

OFFICE OF SECOND ASSISTANT POSTMASTER GENERAL.

Washington, November 2, 1918.

In addition to the notice of June 3, announcing the loss of mails from the United States to Egypt on the S. S. *Calcedonian*, which left Marseille the latter part of June, 1917, further information has been received which indicates that the mail of May 26, 1917, for Mombasa, British East Africa, was also lost. It is estimated that the mail for Mombasa contained 1,200 ordinary letters, being the accumulation of mail at New York from May 19, 1917, to May 26, 1917.

The steamship from England for South Africa, reported as lost, conveyed mails for Mozambique (Lourenco Marquez) and South Africa which reached New York from August 3, 1918, to August 27, 1918, the mails being made up of articles as follows:

Mozambique—600 ordinary letters, 7 registered articles, 4 sacks prints.

South Africa—10,000 ordinary letters, 201 registered articles, 77 sacks prints.

In connection with inquiries for missing mail, postmasters will consult this notice for the purpose of determining whether the mail inquired for was on either of the vessels referred to in the foregoing.

OTTO PRAGER.

Second Assistant Postmaster Gen.

EXPORT LICENSE CANCELED.

A Canadian customs memorandum says:

Notice has been given that the authority formerly given to Canadian collectors to license exports of hides and fish oils is canceled, and it will therefore be necessary to submit all applications to the War Trade Board, Ottawa. It has also been decided that export licenses shall be required for shipments of stearin and tallow to the United States as well as to all other countries.

generated fats or oils, which are in whole or part edible, or which may be edible.

Under the proclamation all millers of corn, oats, barley, or rice will now be licensed. Up to the present time these classes of millers whose plants have a daily capacity of less than 75 barrels per day in the manufacture of food for human consumption have been exempted from license. All millers of feedstuffs have, however, been licensed.

Importers, manufacturers, or distributors of sausage casings, if not already so, are placed under license. These sausage casings are imported from China principally, and the action was taken for the purpose of stabilizing the market for this material used in the production of an important food.

Others Under License.

Those engaged in importing, manufacturing, or distributing oat flour, raw corn flakes, buckwheat, or buckwheat products, are also placed under license through the presidential proclamation. Buckwheat and buckwheat products concerns handling these commodities for food purposes have not been under license heretofore, while those handling oatmeal and rolled oats have been.

REASONS WHY EVERY RETAIL MERCHANT SHOULD KEEP CAREFUL BOOK ACCOUNTS

Commissioner of Internal Revenue in General Letter Tells How All May Help Government and Themselves in Meeting War Tax Problems.

The Bureau of Internal Revenue has issued the following general letter addressed to retail merchants embodying some reasons why every retail merchant should keep book accounts:

BUREAU OF INTERNAL REVENUE.
Washington, D. C., Sept. 14, 1918.

To retail merchants:

The revenue act now pending in Congress is expected to produce \$3,000,000,000. This means a tax on the average of more than \$76 for every man, woman, and child in America. The average per family is nearly \$250.

In many businesses taxes will be one of the largest items of expense. It is of the utmost importance, therefore, that every concern in business, large or small, whether corporation, partnership, or individual, shall maintain an exact record of its receipts and expenses—in other words keep accurate accounts. Taxes should be considered as an expense of the year for which they are assessed rather than for the year in which they are actually paid and the necessary reserves should be provided for at once.

Close Check to be Kept.

Because of the large amounts to be collected the Bureau of Internal Revenue will be compelled to check the income-tax returns filed by taxpayers more closely than heretofore. The retail merchant who is able to place before the internal-revenue inspector book records showing exactly how he arrived at his statement of net income will greatly facilitate the Government's task of collecting the war revenues and save himself annoyance and expense.

No special system of accounts is prescribed by the Internal Revenue Bureau, but the books should show in detail inventories, purchases, sales, capital investments, depreciation, and similar items required in making up the income-tax return. Every merchant should study the income-tax law and regulations and see to it that his accounts are kept in a manner that will enable him to determine his net income for taxation purposes.

Keeping Systematic Accounts.

Aside from the necessity of keeping systematic accounts in order to comply with the Government's requirements, every progressive merchant should adopt an approved accounting system for the good of his own business. In no other way can he further his financial interests more effectively. It has been proven time and time again that accurate accounts are absolutely essential to success in business. The merchant who has a good accounting system is able to eliminate waste and unnecessary expense and can so control his

purchases and his credits as to greatly lessen the chance of failure. The inventory, which can not be taken without some form of accounts, is the compass of a business. Without it the direction in which the business is heading either for success or failure can not be determined.

In the complexities of modern business costs must be calculated with certainty in order to determine what the selling price of an article should be in order to yield a reasonable profit. This is impossible without books of account.

The profits of a business or the losses of a business can not be determined without book record; and now that the Nation requires every citizen to contribute to the war budget within his means and income, the returns required by the Government under the revenue laws can not be made with any degree of accuracy without books of account and annual inventories.

The Bad-Debt Loss.

The bad debt loss of the Nation, which runs into large figures annually, is due in large measure to inexperience and inability. If merchants would keep even the simplest books of account the bad-debt wastage would be reduced materially, for inability and inexperience are usually caused by the absence of an accounting system.

Coming to the withdrawal of man power from industry it is essential that every business man be more frugal and exact himself more effectively to conduct his business efficiently. Extra effort put forth in carrying on the business so as to increase volume at less expense will decrease the chance of failure, increase the earnings of the merchant as a reward for his effort, and enable him to share more liberally in the governmental financial program made necessary for the successful prosecution of the war.

The man who knows the exact condition of his business from day to day has an immeasurable advantage over the individual who has no records upon which to base his operations. It is the duty of every citizen, especially in these war times, to keep in such close touch with his business through record keeping and otherwise as to maintain the greatest efficiency and render to his Government every cent due in taxes.

DANIEL C. ROYER,
Commissioner of Internal Revenue.

DEATHS REPORTED IN NAVY.

Lieutenant Dies of Influenza; Shipsticker Succumbs to Wounds.

The Navy Department reports the following deaths:

Lieut. (Junior Grade) Joseph C. Morris Small, United States Navy, died November 2 of influenza. Wife, Mrs. Margaret Rettew Small, 609 South Forty-eighth Street, Philadelphia, Pa.

Arthur Paul Sharpe, shipsticker (first class), United States Naval Reserve Force, died October 29 of shell wounds while on duty abroad. Mother, Mrs. Anna J. Sharpe, 2503 South Forty-first Street, Omaha, Neb.

PURCHASE OF ARMY SUPPLIES FROM WORKSHOPS OF THE BLIND

The War Department authorizes the following:

Brig. Gen. R. E. Wood, Acting Quartermaster General and director of purchases and storage, has issued the following notice with reference to purchasing from institutions for the blind:

"The workshops of the blind under the supervision of Federal or State commissions at present produce many articles suitable for Army supplies. Nearly all such workshops produce brooms, mops, brushes, baskets, and wicker ware, and the list is being extended.

Instructions to Supply Officers.

"Zone supply officers are instructed to communicate with the department of public welfare of the various States in their respective zones and ascertain what articles are being made by the blind that are suitable for Army use, and they are further directed to cooperate with institutions for the blind by furnishing them samples and advice, so that their products may be extended and may conform with Army specifications.

"The director of purchase is instructed to purchase from such workshops as come under the direct supervision of Federal or State commissions for the blind such articles as are needed and suitable for Army purposes. Such purchases may be made at a payment of the prevailing market price, which may be determined by negotiation, dispensing with formal bids."

Purchases Already Made.

As a result of this notice considerable purchases have already been made from institutions for the blind, and it is expected that this will stimulate production at these institutions and cause the employment of many thousands of workmen who have become incapacitated through loss of sight.

MONEY ORDER STATIONS OPENED AT CAMPS OF PORTO RICANS

The War Department authorizes the following:

Arrangements have just been completed by officers of the construction division of the Army with U. S. Office authorities for the establishment of money-order stations at the following camps, where 12,933 Porto Ricans have been imported to help solve the labor shortage:

North Camp Jackson, S. C.; Camp Jackson, S. C.; Camp Bragg, Painesville, N. C.; pickle acid plant, Little Rock, Ark.; pickle acid plant at Brunswick, Ga.

The stations are to be established for the purpose of facilitating the sending of allotments by the Porto Ricans to their families at home. Because of the low rates of pay in Porto Rico the allotments now being sent by the Porto Ricans to their families are fully as much as the Porto Ricans earned while at work at home.

It is expected that 50,000 Porto Ricans will be imported in the next three months to this country by the construction division to expedite big construction projects now underway in this country for the Army.

LIST OF CASUALTIES REPORTED AMONG THE UNITED STATES FORCES OVERSEAS

SECTION 1. NOVEMBER 8, 1918.

The following casualties are reported by the commanding general of the American Expeditionary Forces:

Killed in action	111
Dead of accident and other	3
Dead of disease	252
Wounded (degree undetermined)	111
Missing in action	63
Total	540

Killed in Action.

Keep Bulletin Posted In All U. S. Post Offices

Reports having been made that at some post offices THE OFFICIAL U. S. BULLETIN is not being posted regularly for public reading in accordance with Postmaster General Burleson's orders, postmasters are again reminded of this important duty. It should be remembered that THE BULLETIN is the only publication available to all sections of the country that prints daily the complete and correct casualty lists from our armies overseas exactly as they are issued by the War Department. Many newspapers print only the lists having local interest to their own territory. THE BULLETIN prints every name and address, thus making it a certain means of informing friends and relatives. It is a duty, no matter where his home town or city.

Postmasters are urged, aside from their duty as officials, to make it their patriotic and personal duty to see that the public has the fullest benefit of this privilege.

The Postmaster General's order follows:

All postmasters are directed to post THE OFFICIAL U. S. BULLETIN daily in a conspicuous place in the lobby or other portion of their respective post-office buildings where the public can read it; and, without expense to the Government, each and every postmaster is earnestly urged to see that this BULLETIN is made available to as many people as possible in the manner suggested.

A. S. BURLESON,
Postmaster General.
